Colortech Inc. Introduces Personalized Event Printing and Design Items for Weddings and all Occasions.

Lebanon, PA May 14, 2007 – Colortech, Inc. has created a new division called Weddings by Colortech Inc. to design and print personalized wedding reception items available to anyone in the United States via www.colortechweddings.com.

Brides throughout the United States can browse through our website at www.colortechweddings.com and choose from Placemats, Favor Tags, Coasters, Save the Date Magnets, Menu Cards, Bookmarks, and Signature Memory Cards, put their own photographs on each product, and choose their colors for the product background and text. All of these products can also be designed especially for the bride if they choose to go the custom design route.

If a product is not found that the customer would like, we can custom design it for them. Some additional products we can offer but are not limited to are: Note Cards, Memo Pads, Save the Date Cards, Name Cards/Place Cards, Wine and Beer Labels, Food Labels, Hang Tags for Food and Wine, Accommodation Cards, Map Cards, Table Number Cards, Stationery, Thank You Cards, and much more. Currently these products are not offered on our website. In the future we will be adding these products and they will not be considered a custom design.

For additional information on personalized event printing and design items for weddings, contact Alicia Weiler or visit www.colortechweddings.com.

About Colortech Inc. – Colortech, Inc. is a full-service printer with offset and digital printing and with this release; now offering personalized wedding reception items.
