Colortech Inc. Introduces Personalized Event Printing and Design Items for Parties and Events.

Lebanon, PA May 28, 2008 – Colortech, Inc. has created a new division, Parties & Events, to design and print personalized items available for shipment to anyone in the United States via www.partiesandevents.com.

Customers throughout the United States can browse through our web site at www.partiesandevents.com and choose from Placemats, Favor Tags, Coasters, Save the Date Magnets, Menu Cards, Bookmarks, and Signature Memory Cards. Photographs and colors for the background and text of each product can also be chosen. All of these products can be designed especially for an event if custom design services are selected.

If a product is not found that the customer would like, we can custom design it for them. Some additional products we can offer but are not limited to are: Note Cards, Memo Pads, Save the Date Cards, Name Cards/Place Cards, Wine and Beer Labels, Food Labels, Hang Tags for Food and Wine, Accommodation Cards, Map Cards, Table Number Cards, Stationery, Thank You Cards, and much more. Currently these products are not offered on our website. In the future we will be adding new products, which will not be considered a custom design.

For additional information on personalized event printing and design items for that special occasion, contact Alicia Weiler or visit www.partiesandevents.com.

About Colortech, Inc. - Colortech, Inc. is a full-service printer that offers a wide range of products and services including: offset/digital printing, variable data printing, mailing services, fulfillment/warehousing, online inventory, design services, web site design services, and is now offering personalized event printing.
